## Readiness By The Finns To Meet An Over-Ice Attack

### Strike From Air Made On Foe's Aviation Bases

HELSINKI, Jan. 22.—Hundreds of Russians had been killed, the high command reported today, in each of a number of futile attempts to crack Finnish resistance on the Karelian isthmus and the eastern front.

HELSINKI, Jan. 22.—Freezing of the Gulf of Finland from the Estonian to the Finnish shore has confronted Finland with the possibility of an over-ice attack from Soviet Russian bases in Estonia.

Foreign military observers speculated today on the chances of success for such a thrust. Finns insisted they were well prepared to meet it.

The coast, in some sections at least, has been fortified and barricaded with barbed wire. The frozen beach at Hanko, for example, is laced with barbed wire.

Hanko, southernmost Finland, lies at the tip of a Gulf of Finland peninsula, 55 miles northwest of Baltiski, Soviet Russia's Estonian air base.

Almost as though in anticipation of such a Russian move, Finland was reported to have struck at Russian aviation bases on one of the few occasions in which the fledgling Finnish air force has challenged the big Russian aerial armada.

Overhanging clouds today brought Finland renewed promises of lessened Russian air attacks.

According to scanty reports on yesterday's operation by the Reds several Finnish towns, including Uleaborg and vicinity on the Bothnian coast, were bombed but the raids apparently did not compare with the sweep of Saturday's attacks when hundreds of planes were sighted and thousands of bombs were dropped.

A letup in the cold wave which had tumbled temperatures in some parts of Finland to the 50's below zero fahrenheit was accompanied by reports of revived military activity on the Karelian isthmus front and northeast of Lake Ladoga.

Finnish officials said Russian airmen in at least one instance carried out a night raid at an undisclosed place with the aid of parachute flares.

The officials also asserted "the Soviets continued their reckless bombardment of hospitals. Altogether three hospitals have been damaged, but the casualties are not yet determined."

### Finns Bomb Air Bases

The high command announced that Finnish warplanes, "in addition to carry out reconnaissance flights and repelling enemy air."

### Will Address

### Democrat Club

E. A. Irvine, a lecturer employed by the Permanent Seat of Government of Jefferson City, will be the principal speaker at the regular meeting of the Young Democrats Tuesday night, January 23, according to an announcement by Kenneth W. Johnson, program chairman of the club. Mr. Irvine has lectured extensively over the state particularly in connection with the controversy over the Benton murals. His speech will cover a number of facts pertaining to the seat of government which should be of interest to taxpayers.

This meeting will be the first under the direction of the new president, C. E. Martin. Other matters, including the membership drive for 1940, will be discussed at the meeting.

### Fire At An Old Hotel Building

Fire which started from a defective stove pipe did more than \$150 damages to the old American Hotel, Main street and Lamine avenue at 9:58 o'clock this morning. The building is owned by Mrs. Mary Tilkinson.

The pipe had dropped to the floor on the third floor and burned between the floor and the second ceiling. It had gained such headway it was necessary for the firemen to lay out a line of hose to battle the flames.

The building is in charge of Harris Cohen.

At 2:17 o'clock this morning a run was made by the fire companies to the Missouri Pacific roundhouse where workmen were thawing out water pipes. The men had draped the pipes with waste rags and set them on fire and neighbors seeing the flames believed the round house on fire. No damage resulted.

### Takes Life

Miss Mary McElroy, daughter of the former City Manager H. F. McElroy of Kansas City, is shown in one of her happier moments. She was found shot to death January 21 in home, a suicide, police said.

## Lake Of Ozarks Council Of Boy Scouts Meets

### Officers Chosen And Banquet Was Given Sunday

The annual meeting of the Lake of the Ozarks Council, Boy Scouts of America, was held Sunday afternoon and evening, January 21 at the St. Francis hotel. Council members, scoutmasters, commissioners, club officials and committeemen from Jefferson City, Marshall, Windsor, Versailles, California, LaMonte, Slater and Sedalia attended this meeting.

The afternoon session started with registration at 1:30 p. m. and from 2 p. m. to 4:30 p. m. discussion groups on scouting were held. Some of the subjects that were discussed were: "Developing the Year Round Council," "Wide Camping and Activities Program," "Building the District Program Setting Up Council Objectives," "Methods That May Be Used To Motivate Senior Scouting, such as Regatta," "Some Things Our Mothers Have Done to Help Our Boys," Cubbing and the Nature Knights' Program," "Organizing a

### Applicants For Relief Grow

KANSAS CITY, Jan. 22.—(AP)—Applicants for state direct relief jumped from the normal daily 100 to about 1,000 today and William Huttig, Jackson county relief director, asked police aid to keep the lines of needy moving. He said, however, the crowd was orderly.

Most of today's applicants were not on the "regular case list," Huttig said. The increased pleas for food, fuel and clothing followed Gov. Lloyd C. Stark's action last week in making \$100,000 more available for direct aid in the current cold weather emergency.

Meanwhile, another source of aid was offered to some of the city's poorer families when officials ordered reopening of WPA projects closed down by the cold.

## Top Salary In Country To A Manufacturer Of Soap

WASHINGTON, Jan. 22.—(AP)—A soap manufacturer shoved aside all the fabulously-paid motion picture colony to rank as the nation's highest paid corporation employee in 1938.

The \$469,713 salary and bonus of F. A. Countway, president of Lever Brothers Company in Massachusetts, topped all others in last year's corporate income tax returns.

Under a new law the treasury made public today the names of those who received more than \$75,000, instead of \$15,000 as in past years. This change cut the list from 50,000 to an even 400.

The list was not, however, a "400" of the nation's wealthiest people, because it excluded income from dividends or other source not called "compensation." Names like Henry Ford and John D. Rockefeller, Jr., do not appear, at all.

## Mary McElroy Ends Life By Pistol Shot

### Depressed Over Father's Death And Fate Of Kidnapers

KANSAS CITY, Jan. 22.—(AP)—Crushed by the death of her father and brooding over the punishment of the men who kidnaped her, Miss Mary McElroy, daughter of Kansas City's ousted City Manager, shot herself in the head.

Her maid found the body, a small pistol nearby.

H. F. McElroy, stormy autocrat of the City hall, had been both father and mother to his daughter and son. Their mother died when they were babies, and McElroy brought them up, dressed them, bathed them, supervised their education. Mary and "the old boy," as she called her father, had been inseparable companions for years.

Mary McElroy, slender 32-year-old brunet, had seen the will to live ebbing from him after former Mayor Bryce B. Smith moved him and other Pendergast organization men out of office last spring. McElroy died in the summer.

Seven years ago, during the kidnapers' trial, a defense attorney asked McElroy: "but your daughter was not harmed?" "Yes," McElroy answered, "my daughter has been injured to the extent that I fear she never will get over it."

Note on Kidnapers  
Yesterday morning Miss McElroy's maid found her body on a divan on the sun porch of her home, a .25 caliber pistol on the floor. A police examination showed powder burns on her right hand.

She left a note, unaddressed: "My four kidnapers are probably the only people on earth who don't consider me an utter fool."

"You have your death penalty now—so please—give them a chance."

Four men kidnaped Miss McElroy from her bath May 27, 1933. They chained her in the basement of a house near Shawnee, Kas.

### Further Plans For Construction

The Pettis County Post No. 16, American Legion convention committee met Sunday afternoon at which time a general discussion of plans for the annual state convention of American Legion, was held.

Carl G. Schrader, was elected chairman of the convention committee in place of Dick Woods, and Arthur Brill was elected chairman of the decoration committee in place of Vernon Glenn. Woods and Glenn resigned their offices when they reported they were unable to devote the amount of time necessary to make their respective committees function properly.

Various proposals were brought up and given consideration all of which do much to make the meeting of the World War veterans a big success.

J. H. Brooks, commander of the local post, presided over the meeting Sunday until after the election of Mr. Schrader.

### Rev. Bess Gives Rotary Talk

The Sedalia Rotary Club held its regular noon-day meeting at the Bothwell hotel today at which time Rev. B. B. Bess gave the principal address, a classification talk on tires.

Ralph Carrell is program chairman of Rotary for this month and was in charge of the meeting.

President W. O. Stanley, presided over the regular session.

## Democrat-Capital To Sponsor A Four Day Cooking School

### Housewives—Daughters—Brides And Grandmothers Are Invited To Attend January 30, 31 and February 1 and 2

The Democrat-Capital has completed plans for a four-day cooking school which will be held at 2 P. M. at the Liberty Theatre, beginning Tuesday afternoon, January 30th.

The cooking school is free to everyone, and is planned as a community convention of homemakers where brides and grandmothers will be equally interested and equally welcome.

During the four-day school the Liberty Theatre will not have a matinee performance, and the theatre will be given over to the cooking school activities.

### Hospitality To Rule

Hospitality will rule here in a friendly atmosphere, natural to a group called together by the universal appeal of the most important subject in the world—Home-making. Even though they may live blocks apart, or miles apart, The Democrat-Capital audience will focus their undivided attention on the modern, completely-equipped kitchen which will serve as a laboratory during the four inspiring convention days.

Each member of the audience will share the mutual thrill of watching a nationally-known economic expert at work in this immaculate laboratory, just as she shares the advantage of wise counsel from a trained authority.

Mrs. Thurn Lecturer  
The presiding lecturer at the Cooking School, Mrs. George Thurn understands more than the art of simplified Home-making. She knows and likes people, even when they stare in fascination at every deft movement of her busy fingers; even when they ask her.

## Blaze Destroys Bryson Store

### Building And Merchandise Of A. T. Raymer Burns

Fire believed to have started from an overheated stove destroyed the general store at Bryson, Mo., five miles southwest of Green Ridge about 7 o'clock Sunday morning.

The store was owned and operated by A. T. Raymer who said it was doubtful if he would rebuild. Mr. Raymer also said that his losses are only partly covered by insurance.

Mr. Raymer and family have been sleeping in the rear of the store, and early Sunday morning after rising built a fire then went to the family home just twelve feet away to eat their breakfast.

### Records Were Burned

While at home, Mr. Raymer happened to look out and saw smoke coming from his store. Rushing out he tried to enter the building but the fire had gained such headway he was unable to reach his records and valuable papers. Neighbors were unable to save any of the merchandise in the building.

The family residence is west of the store building and a west wind kept the fire from spreading to the house with the aid of neighbors who threw water on it.

However the residence of Ollis Gregory, about 100 yards east of the store building was threatened and volunteers had a hard time keeping the fire from igniting the Gregory residence.

Mr. Raymer said he had just received a fresh shipment of stock Saturday morning and this was also destroyed by the flames.

The store was the last in the town of Bryson.

### Would Accept The Mayorship

KANSAS CITY, Jan. 22.—(AP)—Charles S. Keith, 67, former coal and lumber company executive, agreed today to become mayor of Kansas City.

The position was offered him by city councilmen from the Pendergast and Shannon factions of the Democratic organization which long have ruled municipal affairs. They prepared to elect him at tonight's council meeting.

Keith succeeds Bryce B. Smith, bakery executive, who quit with an announcement he had been "double-crossed," after machine councilmen blocked his move to name a city counselor and employ an experienced city manager.

### 'Champ' Be In Boxing Bout

Chester Ellis, International bantamweight Golden Glove champion is coming to Sedalia for Tuesday night and will meet Dean Murray, Sedalia, in an exhibition bout at Convention Hall, Liberty Park.

Ellis, who since winning the 1939 crown in Chicago, has gained considerable weight and at present is scrapping in the featherweight division. The fact he is out of the bantamweight division results in the fight being that of an exhibition with no decision.

The bouts will start at 8:30 o'clock Tuesday night with Referee Hugh 'Spot' Curran in the ring.

### Church Damaged In Fire

ESTHER, Mo., Jan. 22.—(AP)—Fire partially destroyed the First Baptist church here yesterday. Members of the congregation estimated damage at \$6,000.

## Frigid Weather Is Less Severe

### No General Break In Cold Promised By Forecast

Under a bright sun the temperature was less severe in this section today but an immediate general break in the icy weather is not indicated by advance weather reports.

Down below zero temperatures again early today continued to give plumbers rush work in thawing out frozen pipes and making repairs where necessary. Garages had forces busy starting automobiles that were chilled and hesitant to "take the gas."

There will be little change in temperatures tonight or tomorrow, the forecast said, and occasional snow may fall in the southeast portion. A new cold wave was forming along the Canadian border but the worst of it may blow around Missouri.

The lowest this morning was 11 below zero at Maryville, in the northwest corner of the state. The mercury climbed to 18 above there Sunday but tumbled fast after sundown.

The St. Joseph airport weather station recorded a minimum of 9 below, the mercury dipped to 4 below at Clinton, 2 below at Columbia, one below at Sedalia and Hannibal and zero at Moberly and Macon. Other sections of the state reported lows ranging up to 10 above.

Heavy ice blocked the Missouri river at Waverly and it was frozen solid at Boonville, Hermann and St. Charles. Ice was ten inches thick in the Mississippi at Hannibal, with heavy floating ice reported all the way from St. Louis to Cape Girardeau.

### Deaths To 231

At least 231 had died from causes attributable to the harsh weather prevailing over the land for virtually a week.

Although some easing of winter's rigors appeared here and there on the domestic map, temperatures generally remained low, and forecasters indicated a wide continuance of severe weather.

Low mercury readings were plentiful: Craig, Colo., -35; Rock Springs, Wyo., -26; Fort Peck, Mont., -24; Leadville, Colo., -13; Sheridan, Wyo., -13; Butte, Mont., -16. The descent in Iowa was to 12 degrees below zero.

Florida suffered a cold wave at 27.8 above. Agriculturists said that tender crops such as beans and peas apparently had been destroyed in the state's muckland region.

Citrus growers reported their crop still undamaged, but were fearful of indicated colder weather.

The greatest number of deaths due to the extreme cold was caused by fire in overheated lodgings, the total being 73. Exposure was responsible for 68 deaths; traffic accidents 63; other causes 27.

Of the states, Ohio had the longest roll of dead—32.

### 'Need Of Planes Not Praise'

HELSINKI, Jan. 22.—(AP)—The Turku Chamber of Commerce welcomed Frederick Dorsey Stephens, Herbert Hoover's representative for distribution of relief funds, while Turku buildings were still burning from Saturday's raid.

A Turku business man said: "We are getting fed up with world-wide admiration; what we need is not praise but planes—pursuit planes to put these Russian bombers where they belong."

## Solemn Rites For Borah Held At The Capitol

### Senate Chaplain Officiates At The Ceremonies

WASHINGTON, Jan. 22.—(AP)—Leaders of the government here joined today in a solemn state funeral for the senate's "Great Opponentist," William E. Borah.

President Roosevelt sat silently in front of Borah's gray steel casket in the well of the chamber which had echoed for year after year to the mighty eloquence of the Idaho statesman.

Members of the supreme court, the cabinet and the diplomatic corps were seated nearby. Senators and representatives occupied the remainder of the floor space. Mrs. Roosevelt was seated in the diplomatic gallery.

The Idaho Republican, 74 years old and dean of the senate, died from cerebral hemorrhage last Friday after four days of a virtually continuous coma.

Borah's desk toward the rear of the chamber—the one he had used for years—was left vacant. A spray of dark red roses rested on its mahogany top.

Flowers were banked about the casket. There were pink carnations from President and Mrs. Roosevelt, and a wreath of white carnations from the senate itself.

The simple Episcopal funeral service was conducted by the Rev.

### Prison Term To Browder

NEW YORK, Jan. 22.—(AP)—Earl Browder, American Communist leader, was convicted today on both counts of a federal indictment charging use of passport obtained by a false statement and was sentenced to two years and fined \$1,000 on each account.

"The verdict of the jury was the only possible one that could have been returned," Judge Alfred C. Cox said.

Browder's counsel, George Gordon Battle, moved for delay in motions, but Judge Cox told him he preferred to dispose of the case at once. He then passed sentence.

Judge Cox ordered the sentences to run consecutively. That means Browder must serve four years.

The maximum penalty could have been ten years and fines of \$4,000.

Browder's bail of \$7,500 was continued until Wednesday, at which time he must appear in court for the fixing of a new bond in connection with his appeal.

As he left the court room he was smiling wryly. Asked if he had any statement he replied: "No comment."

NEW YORK, Jan. 22.—(AP)—Earl Russell Browder, leader of the Communist party in America, was convicted on passport fraud charges today.

### Farm Home Burns Sunday

The farm residence of Mrs. Lillie Fields, three miles southeast of Sedalia on the Abell road, was destroyed by fire between 9 and 9:30 o'clock Sunday morning. The fire is believed to have started from a defective flue.

Mrs. Fields and her son, Frank, were at home at the time when a passing neighbor saw the fire and ran to the house to tell them. They were able to save some furniture, but a large amount of household and personal belongings were lost.

The house was two stories with nine rooms. Losses are partly covered by insurance.

Miss Carrie Fields, a daughter, was at the home of Miss Cecile Tilberry, where she is employed, when notified of the fire.

## Mayor Would See That Newlyweds Don't Suffer

GARDNER, Mass., Jan. 22.—(AP)—A hard-hitting but considerate mayor, who had but 15 cents when he returned from his own honeymoon, wasn't spoofing when he told unemployed men of this community that if they married he would see that they were supported "even if you have to go on public welfare."

"It's high time for reformers to stop 'monkeying' with natural laws," Mayor Fred E. Perry, father of two boys and two girls said in an interview.

"Because a number of people have been frightened by the drive they have heard during the past decade about economic collapse, they have refrained from marrying and the result is an increasing number of bachelors and old maids and a falling birth rate."

## Shipping Losses Heavy In Toll Of Men And Vessels

### Finnish Relief Fund To Million

NEW YORK, Jan. 22.—The Finnish relief fund reached the \$1,000,000 mark today.

Herbert Hoover, chairman, announced that \$400,000 additional was being made available for emergency civilian relief in Finland.

Previously six \$100,000 donations have been made.

## Bond Proposal Be Taken Up At Jefferson City

### Meeting Today In Steps On New Office Building

JEFFERSON CITY, Jan. 22.—The city council will probably meet tonight to pass upon a bond issue proposal for the erection of a \$2,000 building designed primarily to house the headquarters of the Unemployment Compensation Commission.

While the call has gone out for the meeting of the council the session will depend upon a meeting at 3:30 p. m. today of the Chamber of Commerce committee which has been negotiating with the commission. Unless there is a change in present plans the election calling for a special ordinance about February 20 will be offered. It will require unanimous consent of all the members of the council present to suspend the rules and pass it on the night it is offered. If consent is withheld the council may meet two or three days later.

Agree To Support Bill  
It is understood members of the council agreed to support the bill at an informal meeting held with members of the committee Friday night. Four were absent.

It was explained the council meeting was called in haste because it will be up to the city to make a definite proposal before February 1 if the commission headquarters are to be housed here.

Mayor Jesse N. Owens more than a week ago obtained an opinion from the attorney general's office to the effect that the contemplated bond issue for the purpose is entirely legal. At least one other city, relying upon the attorney general's opinion in the matter, has voted bonds for the purpose.

### Right Of Speech Is 'Qualified'

WASHINGTON, Jan. 22.—(AP)—The national labor board contended today that freedom of speech was a "qualified and not an absolute right" in ordering the Ford Motor Company, of Somerville, Mass., to stop interfering with the rights of employees to organize.

The board said the company had distributed "statements of propaganda which disparage or criticize labor organizations."

The company had argued that any effort to stop the distribution of Ford pamphlets would constitute a denial of the right of free speech.

The board said that the national labor relations act required employers to refrain from interfering or coercing their employees in the exercise of the rights of self-organization guaranteed by the act.

"The guarantee of such rights to the employees," the board said, "would indeed be wholly ineffective if the employer, under the guise of exercising its constitutional right of free speech, were free to coerce them into refraining from exercising the rights vouchsafed them in the act."

## Passengers On Blazing Liner Were Rescued

LONDON, Jan. 22.—(AP)—Four British ships, one of them a sleek destroyer, were sent to the bottom in a wave of week-end shipping losses.

Three neutral victims also added to the heavy toll of men and ships, especially in icy waters around the British Isles, which some sources blamed on a sharp increase in mines.

Sinking of the destroyer Grenville, 1,485-ton Flotilla Leader, "by a mine or torpedo" was announced by the admiralty yesterday. She was the fourth British destroyer sunk in nearly five months of war and Britain's 21st acknowledged loss to her fleet. When she sank was not disclosed. The admiralty said 118 officers and men had been saved, but "eight are known to have been killed and 73 are missing and must be presumed to have lost their lives." It listed the commander, Capt. G. E. Cressy, among the 81 dead.

To Britons, the disastrous week-end was a sad sequel to words of Winston Churchill, first lord of the admiralty, who declared Saturday, "things have never gone so well in any naval war."

They found consolation by citing the fact that hundreds of warships and merchantmen were moving in and out of British ports with a steady flow of supplies and food.

Britain's own sea offensive, particularly her far-flung patrols to blockade Germany, also brought her a diplomatic headache.

While United States officials in Washington were watching anxiously the apparent shrinking of American farmers' export markets as a result of the British shipping restrictions, the possibility arose in Tokyo that Japan might make a formal protest against the stopping of the Japanese liner Asama Maru by a British warship.

All Passengers Rescued  
LONDON, Jan. 22.—A Reuters (British) news agency dispatch from Marseille today said that the owners of the Italian liner Orazio had announced the rescue of all of the passengers aboard when the ship burned yesterday in the Mediterranean off the south of France.

"Only a few mechanics belonging to the crew are still missing," said Reuters, adding that they were in the engine room of the Orazio at the time of the explosion which started the fire.

Reuters said "all 417" passengers have been saved. Previously the Italian Line at Genoa had announced that there were 412 passengers aboard and that 40 were missing, along with 64 members of the crew.

### Former Premier Safe

BARCELONA, Jan. 22.—Paul Van Zeeland, former premier of Belgium, who had been reported as among the passengers of the burned Italian motorship Orazio, was located here today.

Van Zeeland had planned to board the vessel for South and Central America at Barcelona today.

He said he probably would leave tonight for Lisbon and sail from there. He arrived here yesterday from France.

Mr. and Mrs. C. H. Wills are visiting for several weeks with their daughter, Mrs. G. D. Elkins and family at Fort Worth, Texas. They expect to remain at Fort Worth until March before returning home.

Mr. Wills writes the weather in Texas is ideal and far warmer than back home in "good old Sedalia." However, the temperatures dropped once to six degrees above zero which is unusual for that part of Texas.

Mr. Wills also subscribed to The Democrat for the remainder of his visit in Texas so he could keep "in touch" with things at home.

It takes a lot of money  
to make Missouri telephones talk...

If your telephone company received only one bill a year—one bill for all the costs of furnishing telephone service in Missouri in 1939—what a bill it would be! A bill for nearly 21 million dollars! • That's a mighty

big bill . . . it indicates the size and importance of this company's job in Missouri—the job of furnishing you fast, accurate, dependable telephone service. Yet telephone service costs you only a few pennies a day.

Although 1938 was not generally as good a business year as 1937, few important changes in compensation appeared. The biggest was a reduction from \$500,000 to \$100,000 for William Randolph Hearst from his vast publishing and other enterprises. Countway's No. 1 salary of 1938, however, was more than double

the \$204,301 he collected in 1937. Watson's \$453,440 in 1938 compared with \$419,398 of 1937.

No. 3 salary man was E. G. Grace, Bethlehem Steel magnate, whose compensation dropped from \$394,976 to \$378,698, and No. 4 was George Washington Hill, whose American Tobacco Company remuneration declined from \$380,976 to \$331,348.

Motorists' Headliners

The motor industry supplied its usual crop of headlines, with W. S. Knudsen of General Motors advancing from \$247,219 to \$303,400, the fifth highest salary reported; Edson Ford dropping from \$146,056 to \$113,391, and Walter P. Chrysler from \$189,136 to \$162,063. Alfred P. Sloan, Jr., receiving \$164,450 and Charles F. Kettering received \$192,293, both from General Motors.

By industries, here are other top paychecks of 1938:

Banking—Winthrop Aldrich, Chase National Bank, New York, \$177,600.

High Salaried Missourians

WASHINGTON, Jan. 22.—(AP)—Names of 14 Missourians were included today in a list of 490 persons in the United States whose salaries or other compensation for personal services amounted to \$75,000 or more. The list was made public by the treasury department.

Formerly the treasury reported to the speaker of the house the names and compensation of all receiving more than \$15,000, a list of thousands, not hundreds, which was made public by the treasury and means committee.

But in 1938 Chairman Doughton (D-NC) told the house the committee was weary of "a nuisance and an unnecessary burden." The result was that congress changed the law to "show only the excessive salaries, not reasonable salaries" in the words of Representative Randolph (D-Wa) and passed the job of making them public to the secretary of the treasury.

The highest personal service income in the Missouri list went to Joseph Pulitzer of the Pulitzer Publishing Co., St. Louis, who received \$88,461.44 salary, \$42,000 commission and \$50,000 bonus for a total of \$180,461.44.

Six of the high pay recipients were associated with the Liggett and Myers Tobacco Co. They were J. W. Andrews who received \$35,000 salary and \$55,378.65 bonus for a total of \$90,378.65, and W. D. Carmichael, Ben Carroll, B. F. Few, E. H. Thurston and G. W. Whitaker, each of whom received \$25,000 salary and \$55,278.65 bonus, totaling \$80,378.65.

Two other Missouri firms listed more than one man in the high income bracket. The May Department Stores Co., of St. Louis paid Morton J. May \$100,000.04 salary and \$125 bonus and N. L. Dauby \$131,540.03 commission. The D'Arcy Advertising Co., of St. Louis paid A. L. Lee \$98,495 salary and P. J. Orthwein \$77,282 salary.

The three other Missourians listed were Adolphus Busch III, Anheuser-Busch, Inc., \$65,000 salary, \$25,000 bonus, total \$90,000; James R. Kearney, Sr., James R. Kearney Corporation, \$75,000 salary \$11,939.82 bonus, total \$86,939.82; Carl S. Lawton, Lawton Byrne Bruner Insurance Agency Company, \$106,837.75 commission.

She keeps right on working—measuring, sifting, blending and beating, while she chats informally to her alert audience. Long years of thorough training and study, combined with actual home management, are behind ability to mix and bake before a battery of hundreds of attentive eyes.

First-time Cooking School attendants have real treat ahead, and experienced homemakers who think they know all about Cooking Schools will discover that this one is still new news, for each program will be freshly stimulating, crammed with information and surprises.

Merchants Will Cooperate

Enterprising firms and merchants are joining forces with The Democrat-Capital in making possible the four free sessions. These participants are providing a generous array of products, which will fill a series of daily gift baskets—a total of forty baskets.

In addition, all the delicious demonstration dishes cooked daily will be given away, promising many a surprise dinner in the community. Watch The Democrat-Capital for added facts about the gala rally.

This is the open-house invitation. No tickets. No admission charge. Chalk those four dates on the calendar now, and join the neighborly throng: January 30th, 31st, February 1st and 2nd at the Liberty Theatre.

Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Which is now the preferred closing to a business letter, "Sincerely yours" or "Very truly yours"?
  2. Should a business letter be as brief as possible?
  3. If, in a business letter, you ask for a personal reply, should you enclose a stamped, addressed envelope?
  4. If you ask a person, as a favor, for information which it is not that person's duty to provide, should you say, "Please answer promptly"?
  5. How might you courteously stress the necessity for a prompt reply?
- What would you do if—
- You are addressing a business letter to a man. Would you—
- (a) Write "Mr. James Brown"?
- (b) Write, "James Brown, Esq"?

Answers

1. "Sincerely yours."
2. Yes.
3. Yes.
4. No.
5. By explaining that you need the information by a certain date.

CHRISTIAN SCIENCE CHURCHES

"Truth" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday January 28, 1940.

Golden Text: Isaiah 25:1. "O Lord, thou art my God; I will exult thee, I will praise thy name; for thou hast done wonderful things; thy counsels of old are faithfulness and truth."

Among the citations which comprise the Lesson-Sermon is the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Christian Science, properly understood, would disabuse the human mind of material beliefs which war against spiritual facts; and these material beliefs must be denied and cast out to make place for truth" (pp-142,130).

Mickey Rooney and Lewis Stone in "Judge Hardy and Son"

The latest of the man-to-man talks in the Judge Hardy pictures not only has a new location but is the longest to date in the series. It occurs in "Judge Hardy and Son" coming tomorrow for three days to the Liberty theatre. Lewis Stone and Mickey Rooney have the talk in the public park of their home town of Carvel in the picture and Mickey lectures his dad to give him courage during the serious illness of his mother. There were nine pages of dialogue. "These talks are developing into a conference," opines Mickey.

PATTERN 8581

This style (8581) is enormously popular with junior wearers for two very good reasons. In the first place, it serves two purposes,—with the bolero it's a little suit and without the bolero is a very useful daytime dress. In the second place, it's cut on a true princess line, so that it molds the figure to delightful slimmness, flaring at the hem and broadening at the shoulders, to make the little waist look even littler. Braid is deftly used to outline the neck and skirt edges, and to run up and down as well as around the sleeves.

An all-season style, it makes up beautifully right now in wool crepe or flat crepe, and later on will be sweet in silk print and street cottons. It's easy to make, because there's no difficult fitting to be done, and the step-by-step sew chart explains everything.

Pattern No. 8581 is designed for sizes 11, 13, 15 and 17. Size 13 requires 5 1/2 yards of 39-inch material; 5 1-2 yards for each row of braid.

for nearly 30 hours. They asked \$60,000 ransom, but her father settled for \$30,000.

### Spared His Life

Three of the men were apprehended and convicted. Walter McGee was sentenced to the gallows but Miss McElroy herself appealed to Guy B. Park, then Governor, and Park commuted his sentence to life imprisonment, the same as imposed on his brother George.

Clarence Click, who lived in the farmhouse, was sentenced to eight years but was released in 1938. Clarence Stephens still is at large.

Miss McElroy, declaring "I have no personal hard feelings against those men and I'm sure they do not hold hard feelings against me," devoted herself to remaking them into "normal, acceptable citizens."

**Visited Her Abductors**  
She visited them, got them interested in studying high school subjects, took them books, cigarettes and candy.

She suffered numerous nervous collapses. Once she vanished for 11 days and turned up in Normal, Ill. Home again, she said:

"I have nightmares about those men and the fates they brought on themselves. I was part of the drama that fixed their destiny. I cannot forget them."

The McGee brothers' lips trembled when they were told of Miss McElroy's death.

"I wouldn't have felt the loss of my own sister more," said George—"she was very good to us."

Walter recalled:  
"The day we got her she acted like she had known us all her life. She told us she was our friend but that she didn't like our racket."

"I asked her if she ever saw me at a dance if she would dance with me. She answered 'why certainly.'"

"Yes, and call the cops at the same time," I said.

"No, I wouldn't do that," she said. "I'm your friend."

Warden Tom Scott asked who "snatched" Miss McElroy.

"I did," said Walter.

Guards motioned to them to return to their cells.

"Make it as easy on her as you can," George said to reporters. "We don't care about ourselves. We're here."

Henry F. McElroy, Jr., Miss McElroy's brother, said he saw her Saturday afternoon.

"We talked over some minor business matters," he said. "She appeared to be a little melancholy and I mentioned it. However, she insisted she was feeling fine."

## Pay Questioned On An Advisor

WASHINGTON, Jan. 22.—(AP)—Hcuse investigators received evidence today that the National Labor Board employed a nephew of Benjamin V. Cohen, an administration advisor, at \$2,600 a year although a board official expressed doubt that he was worth more than \$50 a month at the time.

Cohen's nephew, Bernard W. Freund, an assistant attorney in the board's review division, was called before the house committee investigating the labor board.

Freund, a native of Decatur, Ill., was graduated from high school at Muncie, Ind., and from the University of Michigan law school before being admitted to the bar in California in 1936.

He identified correspondence in which he applied for a position with the board.

In it, he wrote that Cohen, general counsel for the National Power Policy committee, had informed him the board might be needing additional attorneys.

The board reviewed evidence that Dr. Town Niyander, regional director for the board at Los Angeles, reported after interviewing Freund that he did not possess sufficient qualifications to justify the training period that would be necessary to make him a regional attorney.

## Child Dies As Victim Of Cold

TRENTON, Mo., Jan. 22.—Goldie Stephens, 7, daughter of Mr. and Mrs. John Stephens, died yesterday, victim of five hours wandering in sub-zero temperatures.

Let out of a sled only a half mile from her home Thursday after school, Goldie was found two miles from home with her arms and legs frozen.

## House Group Votes Inquiry Be Continued

### Charges Made By Congressman On Chairman Dies

WASHINGTON, Jan. 22.—The house rules committee voted today for continuation of the Dies committee investigation of un-American activities amid charges by Rep. Hook (D-Mich.) that Chairman Dies (D-Tex.) had actively associated with a "prominent collaborator of the Christian Front."

A few minutes after the rules committee acted, Hook placed in the congressional record a statement which said that Dies frequently associated with Merwin K. Hart, whom he described as an energetic "fellow-traveler" of the Christian Front.

Seventeen members of that organization, Hook added, were arrested recently in a "fantastic plot" to overthrow the government.

The house is to pass on continuation of the Dies committee tomorrow.

After reciting instances when, he said, Dies spoke at meetings sponsored by Christian Front representatives, Hook said:

"The picture I have painted thus far x x x is clearly one that puts Dies in active association with a prominent collaborator of the Christian Front, for Merwin K. Hart is unmistakably that x x x."

"If he is not a member of it, he is certainly one of the most energetic and cooperative 'fellow travelers' of the Christian Front. I can hope to find anywhere. Hart seems to be a kind of Park Avenue operator for the Christian Front with its tragically misguided young men trying to assemble caches of arms and ammunition."

**Pleas Are Rejected**  
The committee rejected pleas of Representatives Dempsey (D-NM) and Casey (D-Mass.) of the Dies group that the resolution be amended to provide certain restrictions on procedure of the investigators.

Rep. Voorhis (D-Calif.) had proposed such changes, suggesting that the Dies committee meet behind closed doors to go over prospective testimony and evidence, that no member make a public statement about evidence unless it had been approved by the full committee and that efforts be made to give persons accused a chance "as soon as possible" to reply.

At the White House, the usual Monday morning conference touched on cuts in appropriations, aid for Finland and relief.

President Roosevelt, Vice President Garner, Speaker Bankhead, Senate Majority leader Barkley and house Democratic Leader Rayburn attended.

"No definite agreements were come to," Barkley said. "Nothing was agreed to as to the form of any bill for aid to Finland. Secretary Hull is coming up before a senate committee Wednesday and nothing would be done before that."

**Support To Slath**  
Powerful bi-partisan support developed today behind a senate appropriations committee proposal to chop nearly \$13,000,000 from the house bill for emergency defense and neutrality expenses.

The measure was whittled in the house \$20,176,935 below budget bureau recommendations. As approved by the senate committee, it would appropriate \$251,822,588.

Democratic Leader Barkley, predicting senate adoption of the reduced figure, said the chamber would take up the legislation tomorrow. Both senate and house were in recess today for the state funeral of Senator Borah (R-Idaho).

A seaplane, a minesweeper and a French tugboat and later a destroyer headed for the Orazio, along with four Italian ships, the Conte Biancamano, the Colombo, the Cellina and the Edera.

The seaplane, circling over the burning vessel, reported that the poop deck was afire and that the flames were spreading toward the bow.

A storm whipping up heavy seas forced the tugboat to turn back to Toulon, but the other rescue ships steamed on. The Orazio sighted the first rescuers at 3:30 p. m., a little less than 24 hours after its signal of distress.

The storm hampered the rescue work, but the ships continued to pick up survivors all night.

**Rescued After Fall Down Mountain**

SAN BERNARDINO, Calif., Jan. 22.—(P)—William Dootson, 19, fell 3,000 feet down a mountain-side and lay unconscious 16 hours. But he fared much better than his rescuers.

Dootson was severely cut and bruised but went home after emergency treatment.

Deputy Sheriff Harry R. Heap slipped and broke a leg trying to rescue the youth. Two other deputies dislocated a knee each.

Others, such expert swimmers that they can catch salmon, do not know how to swim until their mothers teach them.

craft, successfully bombed certain enemy air bases."

(A Reuters news agency dispatch from Helsinki said Finnish airmen had bombed the Soviet Union's great naval base at Komsomol'sk in the Gulf of Finland and the Estonian port of Baltiski, where a Russian air base was set up recently by Russian-Estonian treaty.

(Press dispatches reaching Stockholm reported that Komsomol'sk and an Estonian coastal base were attacked by 20 planes which returned safely to Finland.

(An Oslo newspaper said a group of foreign volunteer fliers for Finland, including several Swedes, staged a one-hour raid on Komsomol'sk a few days ago.)

**Shoot Down Balloon**  
The Finnish command also reported shooting down an observation balloon and 11 Russian bombers.

The communique made no mention of fighting in the Salla sector above the Arctic Circle but an Associated Press correspondent with the Finnish forces there said the Russians had checked their retreat to engage the Finns in heavy fighting near Markajarvi, 50 miles within Finland.

The high command, reporting on activity along southeastern fronts on Saturday, said that at Taipale, at the western end of the Karelian isthmus line, the Russians made a two-pronged attack after "powerful artillery preparation."

One of the thrusts was said to have broken in the face of Finnish shellfire while the other was turned back by counter-attacking troops.

A Finnish colonel said that 100 more planes for the defense of Finland "would make all the difference in the world" and that "with 300 we could halt the Bolsheviks in their tracks."

**Over Hundred Missing**  
GENOA, Italy, Jan. 22.—(P)—Italian officials announced today that 104 persons, including forty passengers, were missing in the burning of the 11,689-ton Italian motorship Orazio in the Mediterranean off the French coast yesterday.

Of the 643 passengers and crew members aboard when the liner left Genoa Saturday, a total of 539 were known to have been rescued by noon today (5 a. m. CST) officials said.

Those rescued were picked up by half a dozen vessels, and authorities said that possibly some others also had been saved but not reported by their rescue vessels.

Sea planes flew over the stormy seas all day today looking for survivors.

**Diplomats Aboard**  
The Italian minister to Panama, Renato Firenze, and several lesser members of the Italian diplomatic service were aboard when the vessel sailed from Genoa, and Paul Van Zeeland, former premier of Belgium, also was reported a passenger.

(Van Zeeland was located in Barcelona, where he had intended to board the Orazio today for South America.)

Italian line officials, who had at first reported all of the passengers and crew members saved, said 318 had been picked up by the 23,350-ton liner Conte Biancamano, 173 by the smaller Italian steamer Colombo, and 48 by small French vessels. First reports had said that approximately 900 passengers and crewmen were aboard.

The Orazio had sailed for Valparaiso, Chile, and was to have made her first stop at Barcelona today. The fire was the result of an explosion from an undetermined cause.

The Orazio was still afloat and burning at noon today (5 a. m. CST) authorities said. The liner's radio sent out her first SOS at 4:12 a. m. yesterday, while the ship was 38 miles south of Toulon.

A seaplane, a minesweeper and a French tugboat and later a destroyer headed for the Orazio, along with four Italian ships, the Conte Biancamano, the Colombo, the Cellina and the Edera.

The seaplane, circling over the burning vessel, reported that the poop deck was afire and that the flames were spreading toward the bow.

A storm whipping up heavy seas forced the tugboat to turn back to Toulon, but the other rescue ships steamed on. The Orazio sighted the first rescuers at 3:30 p. m., a little less than 24 hours after its signal of distress.

The storm hampered the rescue work, but the ships continued to pick up survivors all night.

**Rescued After Fall Down Mountain**

SAN BERNARDINO, Calif., Jan. 22.—(P)—William Dootson, 19, fell 3,000 feet down a mountain-side and lay unconscious 16 hours. But he fared much better than his rescuers.

Dootson was severely cut and bruised but went home after emergency treatment.

The guest speaker for the evening was George Charno, a member of Region 8, Executive Committee and past president of the Kansas City Area Council.

Mr. Charno has been closely affiliated with and active in the Scouting program at Kansas City for many years. He has done outstanding work as chairman of the Advancement committee.

**Rush To Passage Of Long Bills**

BATON ROUGE, La., Jan. 22.—Louisiana's docile legislature, trained for years to obedience, was called for the third meeting of its special session today to rush to passage twenty bills drafted by the administration of Gov. Earl K. Long.

Many of the legislators were defeated in last Tuesday's Democratic primary, first election held since state-wide scandals broke last June.

Long, facing a second primary runoff Feb. 20 against "reform" candidate Sam H. Jones, said the session was completely harmonious except for "two or three demagogues."

The 100 house members, only one or two dissidents among them, heard the bills read for the second time in a 40-minute Sunday session, and planned for final passage today before sending them over to the 39-man senate for similar action.

Tomorrow there will be a second reading and advancement to final passage in the senate, with final passage Wednesday.

Opponents said the session's purpose was repeal of "dictator" laws enacted by the machine built by Huey and now led by his brother.

Measures range from one to submit to the voters in April the question of retention or repeal of the state sales tax, in the form of a constitutional amendment, to a repealer of laws restricting sheriffs from freely appointing their own deputies.

Appropriations requested include \$1,000,000 for buying free lunches for school children and \$1,000,000 for relief purposes.

State Senator James A. Noe, gubernatorial candidate who ran third in the first primary, said "it was the kind of session you'd expect to find in Germany or Russia."

**Japan May Make Protest**

TOKYO, Jan. 22.—(P)—Japan considered counter measures today against British action in halting the Japanese liner Asama Maru and removing 21 German merchant seamen.

A shot was reported fired across the bow of the Japanese ship.

While officials studied the incident with a view to a possible formal protest tomorrow, Yachihiro Suma, foreign office spokesman, reported that Japanese embassy officials at Washington would approach the state department on "technical matters" regarding Japanese-American trade relations.

The commercial treaty between Japan and the United States expires Friday.

The spokesman termed the removal of Nazi seamen by a British warship as "very regrettable" because the "search and arrests took place so near our shore."

Passengers aboard the ship said the liner was stopped about 35 miles off the Japanese shore and within sight of land off Yokohama.

Passengers said the Nazi pris-

## Solemn Rites For Borah Held At Capitol

(Continued From Page One)

Ze Barney Phillips, senate chaplain, assisted by the Rev. James Shera Montgomery, house chaplain.

The senate convened and after a prayer by Dr. Phillips, suspended business while the mourning guests were escorted to their seats.

**Galleries Were Packed**  
A special gallery was reserved for more than 150 Idaho citizens. The public galleries were packed, and many persons stood in the doorway.

There was no sound in the chamber as Dr. Phillips began the services.

Mrs. Borah — the senator's beloved "Mary" — was seated in the senate lobby just outside the chamber.

Miss Cora Rubin, Borah's secretary for more than 30 years, and Miss Grace Hileman, the senator's personal secretary for 20 years, were with her.

The brief Episcopal service was preceded by a solo — "Lead Kindly Light" — by Mrs. Henrietta Bagger Plum.

The soft notes of "Abide With Me," sung by Mrs. Plum and prayer concluded the ceremony.

**Court Group Attends**  
All members of the supreme court were present except the newly-appointed associate justice Frank Murphy.

When the house convened, Chaplain Montgomery prayed for the comfort of the Idahoan's widow and expressed sorrow that "the laborer's work is done; the battles of the years are past; the human heart is stilled."

Shortly thereafter, the house solemnly passed two resolutions. One expressed profound sorrow over Borah's death and provided for a funeral committee. The other accepted the senate's invitation to participate in the funeral services.

Speaker Bankhead led the procession to the senate chamber.

Borah's colleagues decided that the body should lie in state all day in the flower-banked well of the senate, before the high desk of the vice president. Members of the special police force of the capitol were ordered to stand, as honor guards, beside the closed coffin until 5 p. m. when a train will bear the dead statesman to Boise, Idaho, for burial.

**Defense From Rev. Coughlin**

NEW YORK, Jan. 22.—(P)—A broadened grand jury investigation was promised today in the government's revolution conspiracy case against 17 "Christian front" defendants, as the Rev. Charles E. Coughlin, calling himself a "friend of the accused," came to their defense.

The 17, arrested last Sunday in raids that also netted arms, ammunition and bomb-making paraphernalia, are in jail in lieu of \$50,000 bail each. Each says he is innocent of any attempt to overthrow or sabotage the government.

Attorney General Robert H. Jackson said in Washington last night that the grand jury meeting this week in Brooklyn would cover the activities "of any individual or group wherever located who may have aided, abetted, directed, financed or incited" the defendants.

He said the investigation also was aimed at supporters "of any other subversive group working for similar unlawful activities."

Father Coughlin explained in his regular Sunday broadcast, "I do not belong to any unit of the Christian front; nevertheless, I do not disassociate myself from that movement. Therefore, I reaffirm every word which I have said in advocating its formation. I encourage Christians of America to carry on its formation."

"Insofar as the public press—not the department of justice—has placed the Christian front on trial, insinuating that it is a radical movement and asserting that it is composed entirely of crackpots, I take my stand beside the Christian frontiers."

He said that, "recognizing also that in one sense the opposition to Communism is on trial, I freely choose to be identified as a friend of the accused."

**Body of a Grocery Clerk Found in River**

OSCEOLA, Mo., Jan. 22.—The body of Clellie Holt, 30, a grocery clerk, was found in three feet of water in the Osage river today. Friends said he had gone hunting yesterday and apparently fallen through the ice and drowned.

## Arguments In Fraud Trial

LITTLE ROCK, Ark., Jan. 22.—(P)—After denying for a second time requested directed verdicts of acquittal for the four remaining defendants in the Norman Baker "cancer cure" case, U. S. District Judge T. C. Trimble today directed attorneys to go to the jury with closing arguments in the 15-day old trial.

Testimony was concluded Saturday.

Remaining on trial on the charge that they used the mails to defraud in advertisement of the Baker treatment as a cure for cancer and other grave maladies were Norman Baker, founder of the Baker hospitals of Muscatine, Ia., and Eureka Springs, Ark.; Hospital Supt. R. A. Bellows; Dr. O. L. Beatty, chief of staff; and Dr. J. L. Statler, technical adviser.

On government motion four other original defendants were freed of the charge during progress of the trial.

Closing arguments started with U. S. District Attorney Sam Rorex, stricken with influenza last week, still absent from the courtroom. Since his illness, the government's case has been handled by Assistant Prosecutors Leon C. Cateett and W. H. Gregory.

For the defense, closing arguments were prepared by Judge A. G. Bush of Davenport, Ia.; former U. S. District Attorney Fred A. Isgrig, and W. R. Donham, former associate justice of the Arkansas Supreme Court.

## An Increase For NYA Employment

JEFFERSON CITY, Jan. 22.—A 10 per cent increase in out-of-school NYA employment in Missouri for the remainder of the fiscal year has been made possible by the release of additional funds, State NYA Administrator Clark Buckner said today.

Buckner announced \$125,000 had been added to the \$1,748,000 allotted for Missouri's NYA program for the year. Approximately half of the original amount has been spent. The fiscal year will end June 30.

Thus far this year approximately 15,000 youths have received NYA benefits. More than 10,000 are employed now and 9,000 are certified as eligible and awaiting assignment, Buckner said.

## Files For St. Louis Court Of Appeals

JEFFERSON CITY, Jan. 22.—Clyde W. Wagner of St. Louis today filed with the secretary of state, his formal declaration as a candidate for the Democratic nomination to a full term on the St. Louis court of appeals.

Wagner, who unsuccessfully opposed Judge Albert M. Clark for the democratic nomination to the state supreme court in 1938, is the first candidate to file for the St. Louis appeals post now occupied by William Dee Becker, a Republican.

The secretary of state also received a receipt from the Republican state committee that Charles H. Jackson of Mountain Grove had paid his filing fee as a candidate for the Republican nomination for judge of the 18th judicial circuit, a position now held by Judge C. H. Skinner, a Republican.

## What do you read BETWEEN THE LINES?

Between the lines of every advertisement you see, you can imagine these words:

"Thousands of people had to believe in this product—and buy it—before it was ready for advertising!"

The fact that a product is advertised regularly means that a lot of people buy it regularly. The fact that a storekeeper or manufacturer will join his name with it in public proves that he thinks it is good, honest value.

Time was when the slogan, "Let the buyer beware," governed buying and selling. But advertising has reversed that. Today it reads, "Let the seller beware!"

For if his goods don't measure up, he loses out to advertised products that do!

## Stark Files Today In Senate Race

JEFFERSON CITY, Jan. 22.—Gov. Lloyd C. Stark embarked formally today upon a U. S. senatorial campaign he actually began last June.

He filed his official declaration of candidacy with the secretary of state and launched a campaign as a pro-Roosevelt aspirant for the senate seat of that constant administration supporter, Senator Harry S. Truman of Independence.

Thus Stark became the first formal entry into the race he said last June he would make "if the people want me."

## Fire In Business Section Of Butler Today

BUTLER, Mo., Jan. 22.—(P)—An early morning fire destroyed the Noe Drug and Jewelry Company building and stock in the adjoining Lewis Mercantile Company building today. The Adrain, Mo., fire department came from 10 miles away to aid local fire fighters in bringing the blaze under control.

# Last Trial Bouts Tuesday Night With Kansas City

## Eight MBC Fighters Will Come To Sedalia To Top Off Work

Coming to Sedalia Tuesday night will be a Golden Glove team of amateur boxers from Kansas City to clash with some of the "top-notchers" of the Sedalia ring. This is the final trial bout of the 1939-40 season after which the fighters will go into training for the coming Fourth Annual Central Missouri Golden Glove tournament the last of this month.

Boxers to appear on the card from the Democrat-Capitol territory are Denver "Buck" Miller, Dean Murray, Sid Dahlstedt, Billy Wilson, J. C. DeJarnett, John Straka, Louis Bale, Henry Harker, (colored), Melvin Caldwell, Donald Smith, all of Sedalia, Mike Tuck, Virgil Thorp, Donald Barr and Thomas Gorham (colored), all of Marshall, Lloyd Houseworth, Windsor, Sam Tuck of Houstonia.

Coming from Kansas City are part of the team as named by Coach Charlie Meyers of the

Municipal Boxing Clubs are Joey Lafferty flyweight, Harry Mills, lightweight, Larry Burns and Joe Carsello, featherweights. Four others are to be picked today to come to Sedalia. An endeavor is being made to get two colored boys to meet Harker and Gorham on this card.

Tickets for the Tuesday night show have been placed on sale this afternoon and ringside seats can be secured at the Democrat-Capitol office.

The fight with Kansas City is the first the Sedalia team has had with the M. B. C., henceforth plenty of leather tossing is expected to be seen in this bout. Usually the two teams meet three and four times during a season, but keeping them apart this year was done so the fighters would not become familiar with each other and cause a let down between the boys when they, if they should, meet in the Tournament of Champions in Kansas City.

Sedalia's tournament will be held January 29-30 and February 1, at which time champions will be made to enter the Kansas City tournament. At this time boxers will come to Sedalia from the territory only, and teams now entered are Kemper Military Academy, Wentworth Military Academy, Central Missouri State Teachers College, University of Missouri team, Marshall, Lexington, Windsor, Clinton, Houstonia, and Sedalia.

Reservations are now being

Attention K. O. C. Sedalia Council the second and fourth Monday of each month at 7:45 in the K. of C. Building, 4th and La-maine. Always open to members in good standing. Thos. B. Ortwig, Grand Knight. Claude L. Boul, F. S.

made for the tournament tickets in ringside and reserved seats. Anyone desiring tickets for the three nights at the tournament can obtain same by calling the Sports Department of the Democrat-Capitol. Out of town reservations can be made by writing the Democrat-Capitol enclosing a money order for the tickets. Ringside seats are seventy-five cents each night and reserved seats are fifty-five cents each night. The price on the tickets include the state and federal taxes.

## Maryville Will Play The Mules

KANSAS CITY, Jan. 22. — There is only a sparse menu on tap for Missouri basketball fans this week but it includes the first of the Maryville-Warrensburg series—one of the choicest morsels of the entire season.

The game is slated for Tuesday night at Maryville and records indicate the advantage of playing on the home floor may be the deciding factor. A return engagement is due at Warrensburg on Jan. 30.

Maryville started the season with 11 returning lettermen, swept through the Rockhurst Christmas tournament and climaxed its non-conference season with a triumph over Drake, second place team in the Missouri valley.

Warrensburg also has an outstanding record. It is one of the two teams to have beaten Kansas this year and was one of the outstanding teams in the Oklahoma City holiday tournament where the competition was much stronger than at Rockhurst.

Coach Wilbur Stalcup of Maryville, will rely on such stars as Harold (Peanut) Hull, Don Johnson, Dale Hackett and Robert Rogers. Warrensburg, defending champion, has John Gibbs, Cleatus Helm and Vernon Law for the starring roles.

The Bearcats have won their three conference games by an average score of 37 to 27 while the Mules stopped their two foes, 25 to 22.

Kirkville is at Springfield on Thursday night and Warrensburg Friday, the same evening that the Missouri Miners visit Cape Girardeau.

Tarkio's two-game invasion of William Jewell and Drury spotlights the MCAU race where the Owls, Missouri Valley and Westminster are in a first place deadlock.

## To Form Plans For Tournament

ST. LOUIS, Jan. 22.—Plans for the Missouri state high school basketball championship tournaments in which some 325 teams hope to compete will be formulated here next Saturday and Sunday.

Carl Burris, secretary, said today the board of control of the State High School Athletic Commission would establish the centers for the 1940 regional tournaments.

## NIGHT RISINGS WERE A CONSTANT WORRY

"KruGon's Recommendations Were Not Nearly High Enough" She Declared; Relieved of Stiffness and Pain In Body

"I cannot help but tell others now just how remarkable KruGon has been for me," said Mrs. Dora Barton, 612 Franklin St., Moberly, Missouri. "Faulty elimination had been by problem for

MRS. DORA BARTON

years with frequent bladder action bothering me constantly and I could not get much rest or sleep as a result but was continually tired-out. I would have dreadful dizzy spells too when I could hardly stand without support. My body began getting so stiff and sore all over I could hardly get about and there seemed to be nothing I could do about it. Everything I tried failed and I was terribly discouraged until I finally learned of KruGon... it accomplished almost unbelievable results for me."

"KruGon is one medicine that did as recommended," continued Mrs. Barton. "Soon I was getting regular elimination of those clogged impurities. I am not troubled with those frequent disturbances of night risings, dizzy spells have been relieved as well as those miserable aches and pains, soreness and stiffness all through my body. My strength and energy is returning and I am feeling fine in every way now. I am enjoying life like others in good health... all praise to the merits of KruGon."

KruGon is sold by McFarland and Robinson Drug Co., 104 W. Main St., this city, and by the leading druggists in surrounding towns.

## Date Changes In Games For Smith-Cotton

### Tigers To Jeff City Tuesday Night; Prob- able Game Thursday

The Smith-Cotton high school basketball team is now having "date trouble." One game, that with Kirksville high school has been changed to February 13, while on Tuesday night the Tigers go to Jefferson City instead of Wednesday night.

The change in dates leaves Sedalia without a basketball game on the local court this week unless a game is scheduled with the Calhoun high school for Thursday night.

Coach Davenport stated that a duplication of dates at Jefferson City was responsible for the change of dates with that city. Jefferson City has a junior high school and a junior college and both schools have basketball teams with games scheduled for the same night.

Overlapping dates between Kirksville and Smith-Cotton was the cause of the change in their date schedule, the game being shoved up to nearly the middle of February. Snowdrift and the severely cold weather caused the postponement of the Missouri Military Academy game with Sedalia, to be played here, and the date for the playoff is yet to be set.

Tuesday night Davenport expects to use Sanders, Pierce or Switzer, Michaelis, Myers, Logan in the starting lineup, but that is not a definite decision.

Sedalia's boys are hoping to "get hot" enough to win over the Jays and avenge the 25-19 defeat they suffered in their first meeting this year with Jefferson City.

The Jays, the 1939 Conference Champions, have had but two changes in their championship team and it is regarded as one of the best in the conference.

Clinton high school comes to Sedalia Thursday, February 1. This game will be started about 7:15 o'clock so fans attending the basketball game will have an opportunity to get to Liberty park in time to see the final bouts of the Fourth Annual Central Missouri Golden Gloves tournament, which is to be held the same night.

and Camdenton the class "B" championship in 1939.

Burris said 221 entries for the 1940 regional tournaments have already been received, and that 100 more teams probably would enter the meets before tournament assignments are made.

## Showdown On Coaches Delayed

MANHATTAN, Kas., Jan. 22.—A showdown on the football coaching situation at Kansas State College, where two coaches have resigned, has been postponed for at least 10 days.

The faculty council of athletics, scheduled to meet yesterday to consider the resignations of head Coach Wes Fry and line Coach Stan Williamson, called off the session because of the illness of resident F. D. Farrell. The president is ill with pneumonia.

The situation came to a head Saturday when, after weeks of rumored dissension, resignation of both coaches was announced by Athletic Director M. F. Ahearn. He said he had received both Thursday but had held them secret in hopes the situation would be ironed out.

Ahearn said there were "personal differences" between the two coaches. However, neither he nor the two men would discuss those personal differences.

Williamson, in his letter, said Fry had asked his resignation. Fry denied having made such a request.

A group of 500 students demonstrated yesterday, asking the council to decline Williamson's resignation and name him head coach. The group paraded to Ahearn's home.

## Adding Years of Health and Beauty

At forty our grandmothers were usually prematurely old and worn.  
More often than not, a large family of children used up every ounce of energy, and seldom did you find a mother who was anything but a "home body." Women in those days were more than middle-aged at thirty-five and forty.

During these last two decades health education, proper diet, scientific care before, during and after child-birth, more sensible and balanced living, have done wonders for the average woman, in adding years of health and beauty to her life.

Women at thirty-five now are at their best — they retain their youth, beauty, interest in life and sports, and are far more companionable mothers, wives and friends.

Yearly examinations and following the Doctor's advice, will add more happy, healthy years to the life of modern women and men.
